

Configuration instructions for adding a trusted site in Zone Alarms

1. Open Zone Alarms Security Suite and click **Privacy**.

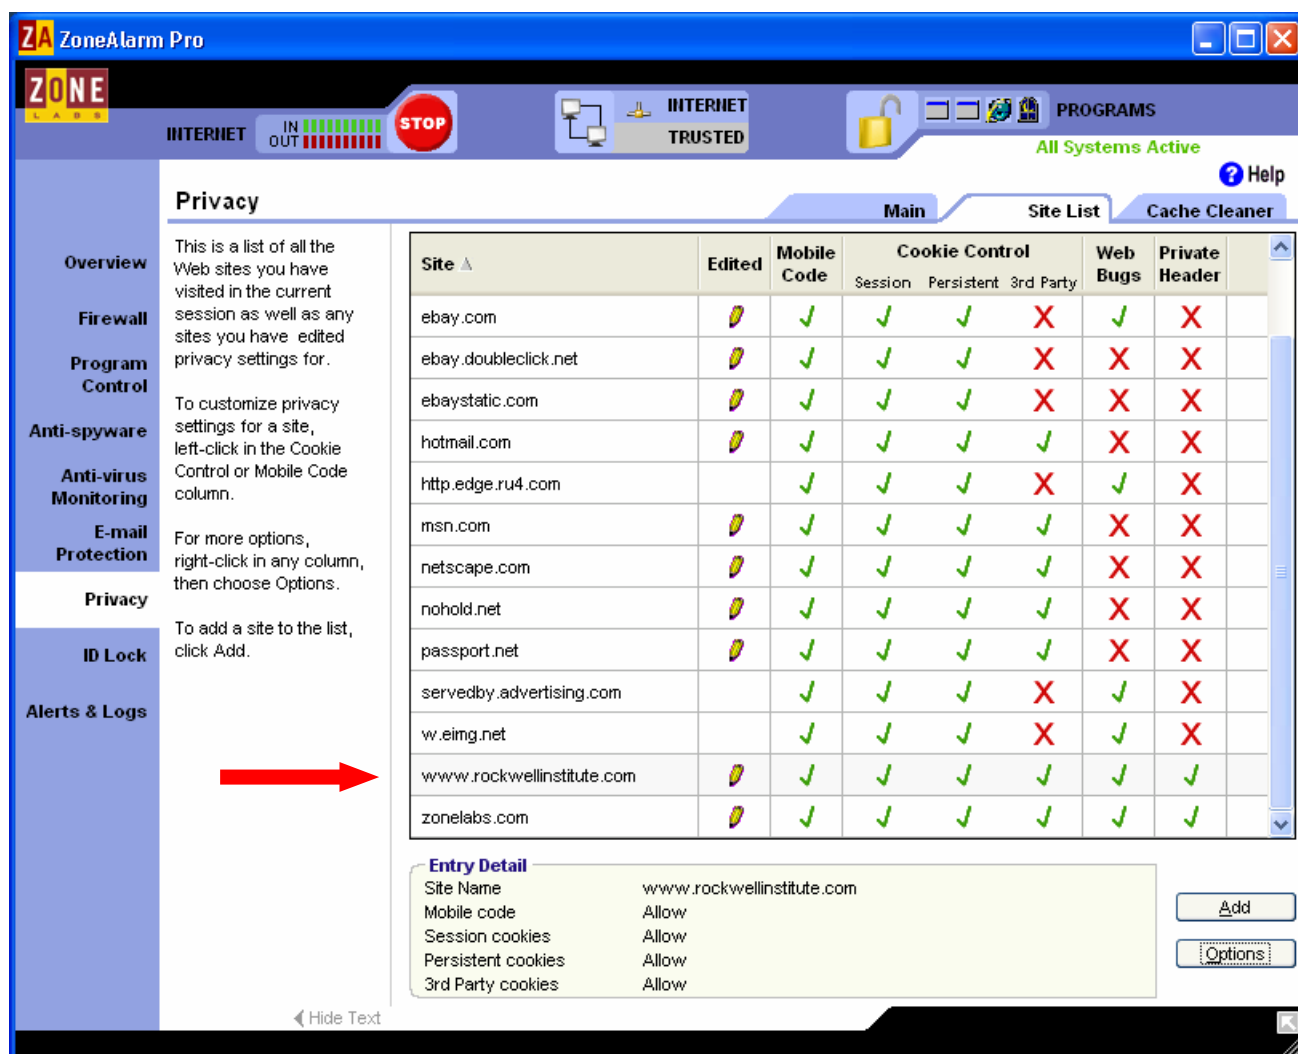

2. Click on the "Site List" tab.
3. Click Add.

4. Add the Rockwell URL below and click **OK**.

5. Once Rockwell is added to the trusted site list, make sure you have a green check mark for all access. If there is a red check mark, click on the red check and choose **Allow**.

6. Click **Options**, and then the “Ad Blocking” tab. Make sure there are no check marks under Banner/Skyscraper ads, Pop-up/pop-under and Animation. If there is, click to remove the check mark, and then click **OK**.
